## WOMEN WORK FOR SANITATION

San Antonio, Texas, Feb. 20.—Spring cleaning on a big scale to reach every nook and cranny of this city has been arranged by the Women's Club for March 10th. All of the citizenship is being enlisted in the homes, from the highest to the lowest, wielded in one grand, concerted and united "scouring bee" that cannot fail to produce a cleaner San Antonio. Assisting the good women will be the Mayor and the Board of Aldermen, the Board of Health, the Police Department, the Fire Department, the School Board, and the Business Men's Club and Chamber of Commerce, who will go out and by precept and example make "scrubbing day" a shining success.

The good women engaged in this campaign have collected a fund for publicity, and have sent out thousands of letters to citizens of the better sort, preaching the doctrine of sanitation and cleanliness. The city is being worked ward by ward, and precinct by precinct, as in a ward political fight. The school children have been enlisted in the work, and the whole citizenship is being stirred to civic cleanliness.

## KANSAS DEMO- CRATS FOR BRYAN

Hutchinson, Kan., Feb. 20.—Delegates are arriving in the city for the State Democratic convention which is to convene here tomorrow for the election of delegates-at-large and alternates to the national convention at Denver. William J. Bryan will be given unanimous endorsement for the presidential nomination.

### ASKS EXTENSION.

#### Wabash Road Wants More Time on Nine-Hour Act.

Washington, Feb. 20.—A proposition very serious to many thousands of people residing at and in the vicinity of small road stations throughout the country was presented to the Interstate commerce commission in an informal petition in which the Wabash Railroad company asks for extension of time for the going into effect of the nine-hour law, which applies to rail way employees who have the direction of the movements of trains. It is declared in the petition that unless an order for an extension is made, either by the commission or by congress, the only alternative will be the closing of a large number of stations on the Wabash railroad. This action it is recognized, will impair the efficiency of the service and result in public inconvenience and interfere with the prompt movement of trains, but the Wabash officials assert they see no way out of the difficulty into which they will be plunged by the operation of the law.

It is pointed out in the petition that in order to comply with the provisions of the law, the company will have to employ additional telegraph operators at each of the 245 stations on its lines. Thus far the company says, it has not been able to secure the services of efficient and competent operators in such number as to enable it to comply with the act.

### MRS BARNUM DIES.

#### Her Husband Cousin of Noted Showman and 1812 War Soldier.

East Orange, N. J., Feb. 20.—Mrs. Elizabeth Barnum, one of the few surviving widows of the war of 1812, is dead at the age of ninety-six years. She was born in Vermont. Her husband, Henry Barnum, of Franklin, Conn., was a cousin of P. T. Barnum, the famous circus man.

### More Receivers Appointed.

New York, Feb. 20.—Temporary receivers for the Mutual Reserve Life Insurance company was appointed by Justice Platzek in the New York state supreme court on application of Attorney General Jackson. The company is now in the hands of receivers appointed by the United States court on application made by the committee of policyholders.

### General Dodge Is Dead.

Washington, Feb. 20.—Brigadier General Francis S. Dodge, retired, who was awarded a medal of honor by Congress for distinguished gallantry at the battle of White River in Colorado, in the Indian campaign in the sixties, died at his residence here. General Dodge served with the Twenty-third Massachusetts volunteer regiment during the civil war. He was sixty-six years old.

### Cattle Men Benefited.

Washington Feb. 20.—Bill of Representative Smith of Texas appropriating \$250,000 to fight the cattle tick has been embodied in the report of the house committee having the general agricultural bill in charge.

### In Port Arthur's Interest.

Washington, Feb. 20.—Representative Cooper secured the passage in the house of a bill making Port Arthur, Tex., an intrastate port of entry. This is the third local Texas bill passed this session.

## CALIFORNIANS ARE COMING

San Antonio, Texas, Feb. 20.—California orange growers are planning an early exodus into the orange lands of Texas according to J. P. Mullon, now a resident of Ardmore, Ok., but formerly a resident and orange grower in San Bernardino, California. Before the Business Mens Club Mr. Mullon said: "A group of California orange growers has already sent an expert into the orange country of this part of Texas, who after a careful survey and thorough investigation of the conditions has made a favorable report. The fact that orange lands in California bring from \$1000 to \$2000 an acre, while Texas orange lands, according to this expert, equally good, bring from \$30 to \$60 an acre, offers a possibility for the small grower to get in on the ground floor. The Texas lands too are nearly 2000 miles nearer the market, and transportation by water is possible.

"Although a great many Texas farmers are putting a few acres in oranges, the number would be greater if they realized the possibilities. These men are growing vegetables between the young orange trees, and making a fair living, and in a few years will demonstrate a new industry."

"I believe that Texas has a great future in the raising of citrus fruits. I hope to have a part in it myself, and expect to see other orange growers from California come into this section and take advantage of the situation."

### HARRIMAN IS VICTORIOUS.

#### Judge Ball Decides In His Favor In Illinois Central Case.

Chicago, Feb. 20.—E. H. Harriman gained a complete victory in the Illinois Central railway litigation, which has been in the superior court since last fall. Judge Ball rendered a decision dissolving the temporary injunction granted to Stuyvesant Fish by which 286,231 shares of stock were enjoined from being voted at the annual meeting of the Illinois Pacific Railroad company and the Railroads' Securities Company of New Jersey, can now be voted at the annual meeting, which will be held at this city March 2. The decision of Judge Ball was quite extended, amounting to about 10,000 words. After reciting the history of the case and going at considerable length into the various clauses and assertions made by both sides, the court went on to say: "There are many things stated in the bill as to the intention of defendants, which, if put in force, or ever attempted to be put in force, would call upon the court to intervene, but but a diligent search of this record fails to show such things exists in any concrete form. Complainants say if the Union Pacific and Railroad Securities company of New Jersey, vote at the coming election the hold of Mr. Harriman upon and has dominion over the Illinois Central would be strengthened and finally the Illinois Central would be reduced to a servient position and be given the lean end of the carrying trade. But they fail to prove

E. H. HARRIMAN.

facts supporting these allegations."

"While Mr. Fish may rightfully desire to remain a director of the Illinois Central, and to that end may use every lawful means in the power of himself and friends, he has no right to that office unless he is legally elected thereto; hence his defeat, if it comes from lack of valid votes, is no legal injury to the civil or property rights of Fish or those of his fellow complainants. As private citizens complainants are not keepers of the public conscience, nor are they conservators of the rights of the public.

"To sustain this bill it is not necessary for them to show that the acts complained of is a public wrong. They must also show that by doing of such act they suffer special injury to their civil or property rights. This election of directors at the coming meeting can work no legal wrong to complainants and no special injury to any of them which calls for the interposition of this court."

### Tremendous Fire Loss.

North Woodstock, Conn., Feb. 20.—Three business blocks, a hotel and livery stable were destroyed by fire; loss \$100,000.

### The Daily Eagle

Entered at the Postoffice in Bryan,  
Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, FEBRUARY 21, 1908

State Democratic Chairman Caden  
says the Pros are pushing their  
petition for a constitutional amendment.

The House committee on coinage  
has agreed to report favorably the bill  
to restore the motto, "In God We  
Trust," to the coins.

It looks like Mississippi prohibition  
is only a trial trip. It is only statutory  
and the legislature turned down the  
proposition to make it constitutional.

Japanese Minister Takahira says  
war between his country and the United  
States "is too heilish to be  
thought of." The same may be said  
of any war.

The Oklahoma legislature turned  
down that bill forbidding the use of  
cracked teacups in hotels and restaurants,  
but the nine foot bedsheets must  
be on straight.

The Southern Cotton Growers Association  
in session at Dallas, has  
strongly denounced the bucket shops  
and all trading in futures, as enemies  
to the producer.

The Peruvian government has issued  
a decree making a holiday in honor of Washington's birthday and  
of the American fleet, which is now  
in the harbor of Callao.

Former Secretary of the Treasury  
Lyman J. Gage condemns the Aldrich  
currency bill and thinks well of the  
Fowler measure, an outline of which  
was given in the Eagle several weeks  
ago.

Governor B. B. Brooks of Wyoming,  
who began his career as a farmhand  
and cowpuncher, is now one of the  
wealthiest men of his state and the  
owner of a ranch of one hundred  
thousand acres.

Seventy-five citizens of Breathitt  
county, Ky., are asking executive  
clemency for young Hargis, who  
killed his father, on the ground that  
he was reared in a godless community.  
The atrocious deeds of the night  
riders indicate that there are other  
godless communities in Kentucky. If the  
Christian people of that common-  
wealth are unable to meet the demands  
of the situation they ought to  
have help.

#### IRISH POTATO FERTILIZER EXPERIMENTS.

Bulletin No. 101 of the Texas Agricultural Experiment Stations, by W. S. Hotchkiss and E. J. Kyle gives the results of a series of experiments in the use of fertilizers with the Irish potato. The experiments began at Troup in 1903. Since then the work has been continued each year, with the exception of 1905, when all the potatoes rotted in the ground on account of the unusually wet weather.

The total results show that nitrate of soda would supply the nitrogen at the beginning of growth, and, about the time it was giving out, the cotton seed meal would become available and carry the crop on to maturity. While we have not yet tried this mixture, the indications are that it will prove most satisfactory. The following formula is therefore recommended for all sandy East Texas soils:

1,000 lbs. Acid phosphate, 14 per cent.

200 lbs. Cotton seed meal.

100 lbs. Nitrate of soda.

This formula will give 8 per cent acid phosphate, 3.20 per cent nitrogen, 1.7 per cent potash. In case no nitrate of soda or potash is available, the following is suggested: 1,200 lbs. acid phosphate; 800 lbs. cotton seed meal. From 400-600 lbs. of such formula should be used per acre.

Copies of Bulletin may be had by addressing the Director of Experiment Stations, College Station, Texas, and giving number of Bulletin shown above.

The report comes from Albany that W. R. Hearst will try to secure recognition by the national Democracy by having one of his adherents nominated for vice president on the Bryan ticket, and if successful he will support the ticket with all of his six newspapers and some money.

The government adopts the financial policy of which the Aldrich bill is an expression, it will not be long until the banks of the financial centers will control this country absolutely. Oh! for a president with the honesty, sagacity and courage of Andrew Jackson.

The Audubon Society says the mistletoe must go. The iconoclasts are destroying, one by one, everything that makes life worth living. What will Christmas be without the mistletoe on the chandelier and the girl under it?

NEWS NOTES IN BRIEF.

Thousands of dogs are on exhibition at the twenty-fourth annual show of the New England Kennel Club of Boston. The dogs are from various parts of the United States and Canada.

Since it has been demonstrated that nitrogen is one of the elements most lacking in the soil, it is very advisable, when possible, to turn under a crop of cowpeas on the land in advance of planting the potato crop. The potatoes are harvested so early in the season there is plenty of time to grow a good crop of peas for turning under during the fall.

Judging from the beneficial results obtained from both sources of nitrogen, and from the fact it takes some time for cotton seed meal to become available, nitrate of soda being available at once, it would seem that the best possible results would be to use

some of both elements. If this is done, the fertilizer could be applied just before planting, instead of ten days in advance, as is now recommended for cotton seed meal.

The nitrate of soda would supply the nitrogen at the beginning of growth, and, about the time it was giving out, the cotton seed meal would become available and carry the crop on to maturity. While we have not yet tried this mixture, the indications are that it will prove most satisfactory. The following formula is therefore recommended for all sandy East Texas soils:

#### STOESSEL CONVICTED.

##### Gets Death Penalty For Surrender of Port Arthur.

St. Petersburg, Feb. 20.—General Stoessel, who has been on trial some time on the charge of cowardice in connection with the surrender of Port Arthur during the war between Russia and Japan, was adjudged guilty by the court-martial and given the death penalty.

General Fock has been reprimanded

100 lbs. Nitrate of soda.

This formula will give 8 per cent acid phosphate, 3.20 per cent nitrogen, 1.7 per cent potash. In case no nitrate of soda or potash is available, the following is suggested: 1,200 lbs. acid phosphate; 800 lbs. cotton seed meal. From 400-600 lbs. of such formula should be used per acre.

### INJURED IN A WRECK.

Mr. W. E. Johnson Sustained Spical Injuries in Collision in Railroad Yards of San Antonio.

Mr. W. E. Johnson reached home yesterday from San Antonio, where he was injured in a railway accident in the yards there a few nights since. Mr. Johnson states the accident happened on the Katy and was a collision in the yards at night. He sustained injuries of the spine, which it appears he did not regard as serious at first, but which has grown worse since, and he had to be assisted from the train and lifted into the buggy of Dr. Eaves who accompanied him home upon his arrival yesterday afternoon.

### ALUMNI EXECUTIVE COMMITTEE.

The executive committee of the Alumni Association of the A. and M. College held a meeting here yesterday and gave out a statement for the press last night showing the unanimous endorsement by the committee of the action of President Law in his efforts to persuade the students to resume their work at College.

The committee also issued a call for a meeting of all officers of the Alumni Association and one representative of each A. and M. Club in the state to be held at 10 a.m., March 29, at College Station. The secretary was authorized to notify the officers and clubs of the action taken. The executive committee are F. M. Law, A. Mitchell and B. C. Pittuck.

Eggs: Bryan, 12 1/2c.

### LEAVE THE BIRDS ALONE.

The Eagle has been requested by the ladies to call attention to the slaughter of birds by some of the thoughtless boys of the city who are handy with "nigger shooters." It appears that it is a violation of law, and inexcusable on general principles, and the Eagle hopes the boys will listen to the admonition of the ladies, to which the Eagle now gives voice, and desist from killing the birds.

Supt. W. C. Lawson of the Bryan City Schools left yesterday for Washington, D. C., to attend the National Superintendents' Association.

Mrs. H. P. Anthony and children have returned from New Orleans, where they were called on account of the death of Mrs. Anthony's father.

Capt. Andrew Moses of College was in the city yesterday and reported no change in the situation there further than the return of a few more students by the incoming trains.

O. E. DuBose of the Brazos Valley Horse and Mule Company is on a business trip in South Texas. Mr. Dave Jolly is looking after the barn at present. Mr. Jolly says he has some good cotton mules on hand now that he can sell for \$75 to \$125.00 for cash. Will pay you to get around and look them over. Jolly wants to sell them.

H. H. South has returned from Marlin, where he has been ill for some time from a malarial attack. He has not yet fully recuperated.

There will be tea for the benefit of the Episcopal church at the residence of Mrs. Geo. W. Smith Sr. this afternoon from 3 to 5 o'clock.

Mr. Sidney Smith has lately completed a new cottage in the southeast part of town and he and his family now occupy their new home.

### STATE NEWS BRIEFS.

The body of the murdered man found in a creek near Killeen has been identified as W. W. Pettit.

A negro at Beaumont was given five years for burglary.

Three people were injured in a fire at Houston.

Harris County School Trustees formed an association.

Ground has been broken for a new opera house at Caldwell.

The Trinity & Brazos Valley headquarters will be moved from Fort Worth to Houston.

Immigration officers at Del Rio endeavored to capture Chinese who were trying to smuggle in the country.

A young man at Austin was ground to pieces by an engine.

An \$8,000 jewelry robbery occurred at Dallas.

A good flow of oil was struck at Flat Fork, near Center.

A chair in the Presbyterian Theological Seminary is proposed as a memorial to Rev. Josephus Johnson.

The Texas Bottlers' Association favors a more stringent pure food law.

The Court of Criminal Appeals holds that the law taxing the sale of non-intoxicating drinks is unconstitutional.

### DEATH OF MR. JOHN J. WATSON

New Orleans papers mention prominently the death of Mr. Jno. J. Watson of that city. He was a native of Lancaster county, Penn., a lawyer by profession and a veteran of the Union army. Shortly after the war he located at Mobile, where he married Miss Rosalie Lombard. He held the office of United States Marshal and other important official positions before moving to New Orleans, where he and his wife founded the Seaman's Lower Bethel. Mr. Watson leaves nine children, including Mrs. H. P. Anthony and Mr. T. G. Watson of Bryan, and eighteen grandchildren. His good wife also survives.

### LOUISIANA FRUIT GROWERS.

Minden, La., Feb. 20.—There was a large attendance of the fruit growers of the State at the opening here today of the fifth annual meeting of the Louisiana Horticultural Society. C. D. Otis of Lake Charles is presiding over the meeting, and F. H. Burnette of the State University is secretary. A wide variety of topics relating to practical fruit growing are on the program for the three days' meeting.

"Health Coffee" is really the closest imitation ever yet produced. This, the finest coffee substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Health Coffee is made from pure toasted cereals, with malt, nuts, etc. Really it would fool an expert—who might drink it for coffee. No twenty or thirty minutes boiling. "Made in a minute" says the doctor. Sold by Jno. M. Lawrence & Co.

## SENATOR LATIMER DIES.

Passes Away From a Peculiar and Painful Ailment.

### PROMINENT IN HIS STATE

Farmer by Occupation, Deceased Took Active Part in the Stirring Political Events of 1876, Served Four Terms In House, Then Elected to Senate.

Washington, Feb. 20.—Senator Latimer of South Carolina, who was operated on Monday for twisting of the bowels, died this morning.

Asbury Churchwell Latimer of Belton, S. C., was born July 31, 1851, near Lowndesville, Abbeville county, South Carolina; was brought up on his father's farm; spent much of his life in active participation in agricultural pursuits, was educated in the common schools; took an active part in the memorable political campaign of 1876; removed to Belton in 1880; devoted his energies to his farm; was elected Democratic chairman of Anderson county in 1890 and re-elected in 1892; was elected to the lower house of the Fifty-fourth, Fifty-fifth, Fifty-sixth and Fifty-seventh congress; was elected United States senator to succeed Senator John L. MacLaurin and took his seat March 4, 1903. His term would have expired March 3, 1909.

Senator Latimer was taken to Providence hospital Sunday. He was operated on that day for appendicitis. It was then discovered he was suffering with twisting of the bowels, a far more serious ailment.

In the senate Thursday Senator Tillman announced the death of his colleague, after which the senate at once adjourned.

### SHAKE DICE FOR LAND.

By This Means Will an Important Matter Be Settled.

Lacrosse, Wis., Feb. 20.—To travel 1,800 miles to play a game of dice, which will decide whether or not he will become the owner of valuable real estate in Texas, is the journey which William H. Meyer will take.

Two years ago Mr. Meyer and two other men purchased a forty-acre tract of land near a little town in Central Texas, for which they paid \$7 per acre. Since that time a railroad has gone through the town and the land, being desirably located, an agent has offered the trio \$150 per acre for it.

Mr. Meyer intends to keep his third, while his partners desire to sell. The dice game will decide what is to be done.

### KICKS OFF SHOES.

#### Negro Wife Murderer Struggles

##### Horribly on Scaffold.

Philadelphia, Feb. 20.—W. H. Johnson, a negro, was hanged here for the murder of his wife, whom he shot eighteen months ago because of jealousy. After the drop fell, Johnson struggled so violently that he kicked his shoes loose and they dropped several feet from the gallows.

##### Policeman's Murder Avenged.

Easton, Pa., Feb. 20.—William Hanley, a South Carolina negro, was hanged here for the murder of Police-man Shuman of South Bethlehem last summer.

##### ADJUDGED INSANE.

#### Russian Writer Forced His Attentions Upon Young Lady Students.

San Francisco, Feb. 20.—R. Livingston, a Russian writer, personal friend and follower of Count Leo Tolstoi, and brother of Countess Amelia C. Viviani of Russia, was adjudged insane at Oakland because he persistently forced his unwelcome attentions on young women students of the University of California. After being adjudged insane, Livingston requested that he be sent to Napa asylum and the court so ordered.

##### STAMPER SLAIN.

#### "Lid" Stewart Does Deed, Which Is Result of a Long Feud.

Sergeant, Ky., Feb. 20.—At Stew- art's Branch, a few miles west of here, in Knott county, "Lid" Stewart shot and killed William Stamper a near neighbor. The killing was the result of a feud of several years' standing. Stewart then walked three miles to an officer to give himself up.

##### HOMSEEKERS ROBBED.

#### It is Thought That Gang of Pickpockets Is Working Trains.

Denison, Feb. 20.—Four homesickers were robbed in train which arrived here. One man lost a draft for \$500 and \$80 in money, another \$90; an other \$20; another \$40. The impression prevails a gang of pickpockets is working trains.

##### Department Store Burns.

Woburn, Mass., Feb. 20.—The large department store of James McGrath and contents, valued at \$100,000, was destroyed by fire.

##### Declines to Comment.

New York, Feb. 20.—E. H. Harriman declined to comment upon the decision in the Illinois Central case until he has time to read the decision in full. "I hope it is so clear cut as to remove all doubts," he said.

##### VIRGINIA Y. M. C. A.

Lynchburg, Va., Feb. 20.—Lynchburg is full of delegates and visitors to the thirtieth annual convention of the Young Men's Christian Association of Virginia. The formal opening took place this evening. Foremost among the noted speakers is Governor Glenn of North Carolina.

##### OREGON CHRISTIAN ENDEAVORS

Eugene, Ore., Feb. 19.—The eighteenth annual convention of the Oregon Christian Endeavor societies began a three days' session in Eugene today. The register at convention headquarters shows an attendance of about 200 delegates representing the various local societies throughout the state.

##### TO ALL CONCERNED.

Remember our annual working at the Providence Grave Yard, better known as Newbold Grave Yard. Went all to attend. Date Feb. 22. Most Respectfully, B. H. Royall.

# All the Gold IN GEORGIA Could not Buy-

Rodding, Ga. August 27, 1906.  
MESSRS. E. C. DEWITT & CO.,  
Chicago, Ills.

Gentlemen:—I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live under two years, and for four long years I existed on a little boiled meat, soups, etc. Doctors' prescriptions and Dyspepsia remedies that flooded the market, could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor medicine, and Dyspepsia wreck will grow to be my life saver. I bought a small bottle of KODOL DYSPEPSIA GURB and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I went on taking it and in two months I went back to my work, as a machinist, and in three months I was well again. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, G. N. CORNELL.

## PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At such times says Dr. Shoop, and to relieve it, he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—coaxes blood pressure away from the pain centers. Its effect is charming, pleasantly delicious, gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's a period with women, same cause. If you are sleepless, restless, nervous, it's blood pressure. If you are constipated—blood pressure. That is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the natural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain again? Of course it is. It's congestion, blood pressure. You'll find it where pain always—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend
